

Operation LIBERATOR Warning Order

SITUATION:

G2 has intelligence provided by local Italian partisans that the Axis force holding the village of St. Tantone which is composed of a mixed Kampfgruppe of fallschirmjager and regular German army it to be relieved by a Waffen SS Kampfgruppe.

The objective of the Waffen SS will be to relieved by the conventional German forces of command and commence reprisals for recent sabotage activities. Captured partisans and other locals are being held in an area of St. Tantone named "Campo Mediterraneo".

The change of command may not be smooth. With both forces collocated in St. Tantone there will be a concentration of combat ready personnel. G2 reports the presence of armor and anti tank weapons.

Members of the local partisan unit are currently in the town and will assist.

MISSION:

Secure the village of St. Tantone and liberate any partisan prisoners prior to the start of reprisals. Detain any violators of the Geneva Accords.

GENERAL INSTRUCTIONS:

None.

SPECIAL INSTRUCTIONS:

A map of the operational area obtained from the leader of the local partisans named "Castoro" is attached. There is no guarantee of it's accuracy.
